Boy Emperor May Go Back To China's Throne

(By Associated Press)
Peking, July 7—The Chinese newspapers are freely and openly discussing prospects of a far-reaching change in Chinese affairs which they have declared is possible and even probable this summer.

One of the dominant figures to whom all experienced observers look for an initial movement in bringing about the predicted change in China is General Chang Tsi-Lin, military governor of Manchuria, whose influence in the capital is now paramount.

The prevailing belief is that General Chang is favorable to the restoration to the Chinese throne of the boy Emperor who has long been a prisoner in the Forbidden City.

SAY TARIFF WILL ROB HUMANITY

(By Associated Press)
Washington, July 7—Democratic members of the House Ways and Means Committee, denounce the administration tariff bill as a "conspiracy to benefit a few favorites at the expense of all humanity," in their minority report filed today.

"Like every conspiracy, it has been hatched in secrecy," says the report, adding the belief that the measure is a plan to plunder the people of America and oppress the people of every country for the benefit of a few men. The report declares the tariff was not an issue in the last campaign and this it not the time to write a tariff law. It states there has not been time to write a substitute bill because the republicans withheld the bill from them so long.

TWO MORE FINE REDPATH PROGRAMS

At Chautauqua Thursday
Afternoon—Lecture—The Perils of Democracy—Dr. Frank L. Loveland.
Night—The Man from Home—Great American Comedy Drama.—New York Cast.

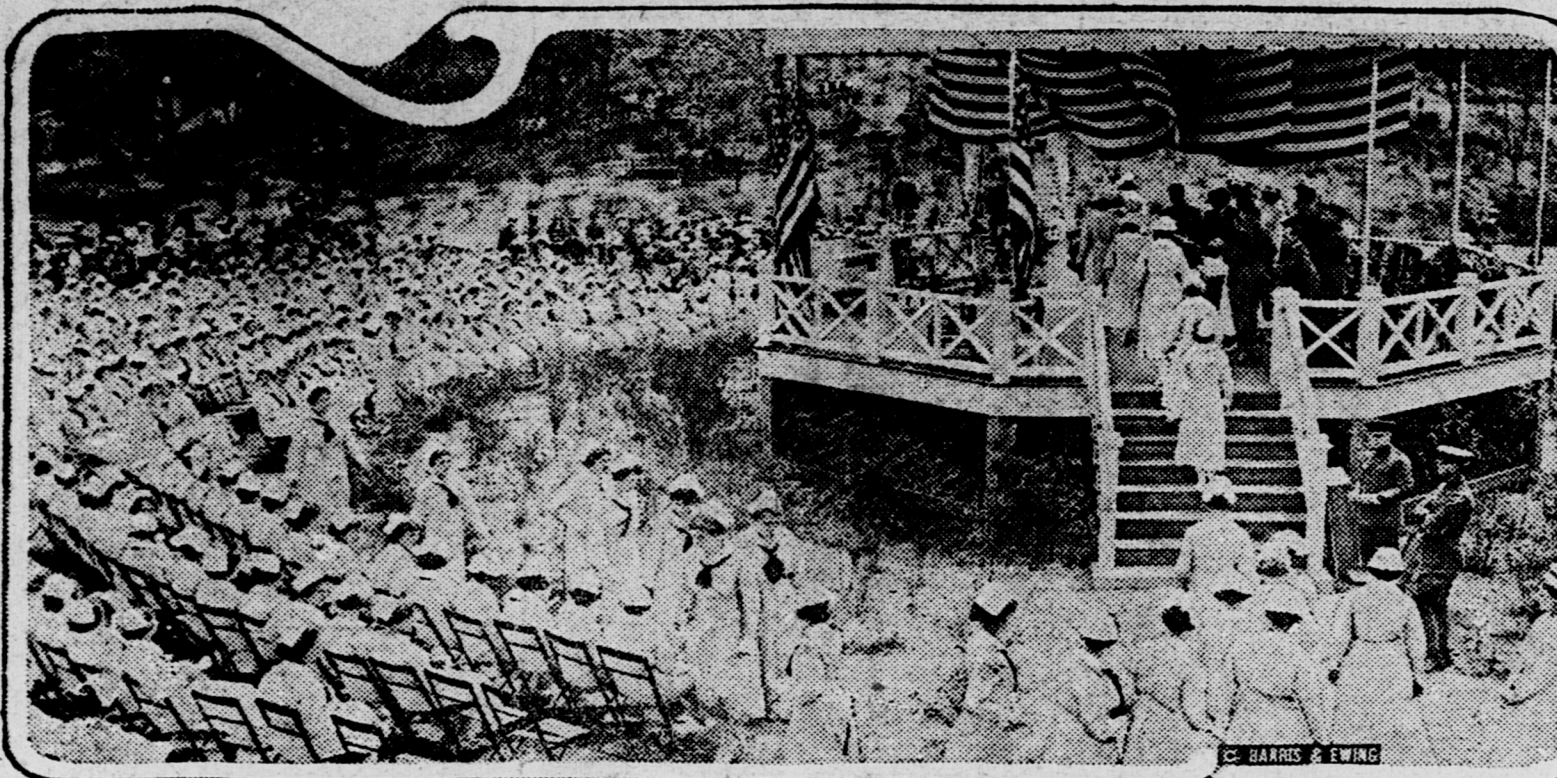

Two fine programs were presented to a couple of the largest audiences to date at Chautauqua Wednesday. In the afternoon a popular concert was given by the National Male Quartet. Another of these concerts was presented at the evening performance. Both were of the highest order and were enjoyed by the audiences more than any programs rendered to date. The quartet sang some beautiful songs including many popular and operatic numbers. Charles Cox entertained the audiences with some very clever and delightful impersonations. Mr. Cox impersonated Bert Williams, the negro comedian, and gave a few selections of an old farmer and as Harry Lauder. The company in many ways is one of the best that has been heard on the Chautauqua program this season.

The evening performance was just as pleasing and probably more so than the afternoon concert. This was followed by an illustrated lecture on the truth about Mexico by Dr. Frederick Monsen. The pictures shown were very instructive as well as his experiences with the Mexican Indian and Villa. The churches, ruins and mountain scenery of Mexico shown in Dr. Monsen's pictures were indeed wonderful. Conditions in Mexico and the bright outlook for that country at present were explained in full by Dr. Monsen, who is a famous archaeologist.

SCHOOLS CHIEF HOPE FOR AMERICANIZATION

(By Associated Press)
Des Moines, Iowa, July 7—Illiterates and foreigners of whatever age must not be exempted from school attendance if illiteracy is to be eliminated and Americanization advanced, J. M. Gwinn, superintendent of schools of New Orleans, La., said here today at a general session of the National Education Association.

Continuous education of all up to approximately 18 years. Dr. Gwinn held essential for citizenship training.

"Ways and means must be established for a continuous survey showing those present in the community who are illiterates and foreigners and not trained for citizenship," he said. "The city schools and the whole industrial commercial and civic life of the community must co-operate to secure these objectives."

"The qualities of a good citizen must be made clear and all who have to do with making ideals, teachers, priests, clergymen, etc., should be required to come up to the standard and be good American citizens."

"Foreigners should not be permitted to teach un-American ideals, civic and governmental—whether in press, pulpit or school room."

"All needed kinds of schools and classes must be operated day and night and all the year round—full time and part time."

Benton Knows Nothing of Business Men's Endorsement

Mr. Pleas Benton, who was endorsed by a number of prominent business men for councilman, along with a number of others, had nothing to do with the meeting of the business men, or bringing out other candidates, of course. It is said some folks are trying to make capital out of it, but their efforts should and will fall flat. Mr. Benton was endorsed by the business men, it is said, because of his long and excellent service as a member of the Fiscal Court. He did fine work there and it is said that many of the business men feel that as a taxpayer and progressive citizen he would do equally as good work on the city council.

(By Associated Press)

He said the negotiations probably will be completed within ten days. The advances contemplated give the railroads cash sum equivalent to those the government spent in capital betterments during marine control. Parrot Saves Man From Burglar Cell

Chicago, July 7—An awkward green parrot, extremely loquacious and not sparing of profanity was the means of keeping Edward Peterson from being locked up as a burglar.

Mr. and Mrs. Paul Johnson went away over the holiday period and Mrs. Johnson asked Edward Peterson, her brother, to go to the flat and water and feed the parrot and canaries.

He lost the key and was climbing in the window when neighbors called the police. The desk sergeant laughed at his explanation, but the boy insisted. So they went back to the flat.

"Hello, polly," said Peterson. "Hello, Ed," responded the bird "howsa boy, watta got on yer hip?"

"Hello, polly, howsa polly?" asked the sergeant, still unconvinced.

"Arraw, raw, go to hell," screamed the parrot.

"You win, go ahead and feed and water the birds."

BELLS ON SHEEP SAID TO KEEP DOGS AWAY

Farmers have often desired a simple method of protecting their sheep from vicious dogs. Here it is in a letter to the New York Herald—

The method proposed to Mrs. August Belmont to protect her sheep from dogs, namely by hanging bells from their necks, would have worked satisfactorily—something which I can verify from personal experience for the last sixty years. It seems strange to me at this late date that this simple idea should not be generally known wherever sheep are kept.

My father owned the farm near Bound Brook, New Jersey. On this farm we kept regularly from 150 to 200 breeding ewes. During all these many years we never had a sheep bitten by a dog. This was entirely due to bells on from one-third to one-half of the number of sheep in the flock. The bells used to be of good size and the best pattern for this purpose is the open clapper cowbell. When a dog gets into a bunch of sheep wearing these bells the din is so great he thinks Old Harry is after him and he quits at once.

Of late laws have been advocated to kill all dogs found away from their homes in order to protect the sheep, but such laws are entirely unnecessary if the simple means described here are adopted.—J. C. Higgins, Bound Brook, N. J., in Our Dumb Animals.

Two columns of news about the Silesian trouble doesn't interest the average Richmond reader half as much as a four-line recipe for chigger bites.

There's this much to be said in favor of your enemies—they're not always trying to borrow money from you.

An agricultural speech in Congress is alright, but a couple of good soaking rains make more of a hit with the farmers.

We heard one genial Richmond citizen declare yesterday that there'd be a good deal more fun in fishing if the fish bit as often as the mosquitoes.

We see a statement in an exchange to the effect that men are treating their wives better since prohibition. Maybe it's because they're not treating their friends as often.

We've noticed that in many Richmond homes the husband preaches economy—and the wife practices it.

Evidently what a good many of the women in our larger cities meant by "equal rights" was the privilege of wearing socks.

People who want lower freight and passenger rates and higher wages possibly haven't heard the day of miracles has passed.

Fun-Maker
Extraordinary
at Chautauqua

Ralph Bingham, one of America's greatest fun-makers, will be a notable attraction at the coming Redpath Chautauqua.

Before the public since he was six years of age and having appeared in

RALPH BINGHAM.

Over ten thousand performances, his name has become almost a household word, and few entertainers have ever won such an enthusiastic following in any after city.

Ralph Bingham's versatility excites the wonder of any audience. He is a fine pianist, an excellent violinist, a unique impersonator and an unequalled story teller. A combination of these gifts is used to excellent advantage on his Redpath programs as well as on the records which he makes for the Victrola.

The success of his stories is in himself; he laughs and the contagion of his jollity is irrepressible. Nevertheless Mr. Bingham's subject matter is of the highest type, and its inspirational value is of the best.

June Wedding

A June wedding of interest here was that of Miss Kathleen Garrow, daughter of Mr. and Mrs. Milton S. Garrow, of Paducah, Ky., to Mr. Grover Cleveland Wilson, son of Mr. and Mrs. G. M. Wilson, of Kirksville. The impressive double ring ceremony was performed by Dr. J. L. Weber, in the Broadway Methodist church at 8:30 o'clock Wednesday morning, June 30, 1921. Miss Barbara Peden, of Indianapolis, acted as maid of honor. The bride's maids were Misses Thelma Wilson, of Kirksville, sister of the groom, Mary Hubbard, of Louisville, cousin of the bride, and Irma Kimbrough, of Paducah. Mr. Hume Wilson, of Chicago, brother of the groom, was best man. The groom's men were Messrs. C. M. Gilmore, of Richmond, and Paul Smiley and Giltner Segenfeldner, of Paducah. The ushers were Messrs. Clarence Bennett and Richard Harris. Mrs. S. H. Winstead presided at the organ, assisted in the nuptial music by Miss Annie Smith. Little Miss June Lockwood was ring bearer and little Miss Margaret Charles was flower girl. The church was artistically decorated with ferns, palms and ascension lilies. The altar was banked with ferns and flowers. The pews nearest the center aisle were roped off with white satin ribbon for the families and immediate friends. Immediately preceding the ceremony Miss Annie Smith sang, Miss Irma Kimbrough dressed in yellow taffeta, with a picture hat

to harmonize, entered from the right carrying a basket of sweet peas in rainbow colors, as Mr. Paul Smiley entered on the left. Miss Mary Hubbard in blue taffeta, entered next as Mr. Giltner Segenfeldner entered on the right. Then followed Miss Thelma Wilson, in pink taffeta, carrying a basket of sweet peas as Mr. C. M. Gilmore entered on the left. The maid of honor, Miss Barbara Peden, lovely in green taffeta, and carrying a bouquet of Columbia roses, came down the center aisle and took her position at the left of the altar. Little Miss Margaret followed scattering rose petals as she came and was followed by little Miss June Lockwood, who carried a small white cushion which was the bride's baby pillow, covered with a scrap of her wedding dress, on which the rings were borne. The bride on the arm of her father, entering at the center aisle, was met at the altar by the groom and his best man, who entered from the pastor's study on the right. The bride was gown in white satin trimmed in lace and ropes of pearls. Her veil of tulle was held in place by a fillet of pearls and fell in graceful folds, terminating at many points below the hem of her gown. She carried a shower bouquet of Columbia roses, valley lilies and white sweet peas. The groom and his groomsmen wore regulation evening dress.

Then followed the ceremony. The ordinary double ring ceremony was used, closed by the couple kneeling at the chancel rail to receive the blessing. The music consisted of two songs "I Love You Truly" and "Because." The bridal chorus from Lohengrin was used as the processional. All during the ceremony Schubert's "Serenade" was played softly. The recessional was Mendelssohn's Wedding March.

The reception was held immediately after the ceremony at the home of the bride's parents, at 321 N Sixth street, Paducah.

The house was charmingly decorated with potted plants and cut flowers. The rainbow scheme was carried out in decorations and the refreshments. The bride's parents were assisted in receiving by the young couple and the entire bridal party.

The bride's gifts to the bride's maids were crescent moon pins, and rings to the flower girl and ring bearer. The groom's gifts to the groom's men were attractive white gold pins with amethyst sets. The groom's gift to the bride was a beautiful harvest moon brooch, set with genuine pearls.

The young couple were the recipients of many handsome gifts of silver, cutglass, linen etc.

The bride was a former student of the University of Kentucky and was graduated at Middlebury College, Middlebury, Vermont, last year and is a member of the Sigma Kappa Sorority. The groom was graduated at the University of Kentucky in 1916, at the University of Chicago law school in 1917. He is a member of the Tau Kappa Alpha and Delta Chi fraternities, and is at present a promising young attorney at Hazard, Ky.—Contributed.

60,000 Missionaries In China

(By Associated Press)
Shanghai, July 7—Christian mission work is the largest foreign undertaking in China, both in numbers employed and money invested, according to Dr. W. W. BOONESBORO MOST POPULAR SPOT NOW

Boonesboro Bathing Beach is the most popular spot in all this part of the country this hot weather.

Crowds are thronging the beaches each day and night. The crowd there on the Fourth of July is said to have been the record breaker, the largest that the beach has ever accommodated in its history.

Dr. D. J. Williams and his staff are giving the visitors the best service possible. He got in 300 new towels for use of the bathers by express from a big Chicago department store just in time for use on the Fourth. Mrs. Gentry is serving nice sandwiches and cool drinks, and the demand for cottages by campers is exceeding the supply. The bathers and campers come from everywhere, Richmond, Winchester, Lexington, Paris, Cynthiana, and all over this and neighboring states.

The Winchester Sun had the following about Boonesboro this week:

Parties returning from Boonesboro Beach on the Fourth reported a big time and a large crowd. One old fellow who had not been going down on Sundays to be with the large crowd because he was afraid he might be churched, talked to one of the Sun reporters and he said he did not know that Ford had such a lively attraction so near it as he saw on the Fourth. He said that he felt a little vacation on the Fourth of July was good for everybody and he took the old lady along to keep him company and that when he got down there he felt the need of her presence, that he had read about the Chicago beach and had seen pictures of Los Angeles bathers, but when he got to Boonesboro he felt that "Ford had stripped its gear" and that a lot of Winchester, Richmond, Lexington, and girls from other parts who had family resemblances on their faces only, of some of his old boyhood friends were parties to the stripping and that Chicago and Los Angeles were not in it at all. He said he never saw the like of them when he was growing up.

ASSIGNED ESTATE PAYS 100 PER CENT

During the month of October, 1916, Lyman Parrish executed a deed of general assignment of all of his property to the State Bank and Trust Company, for the benefit of his creditors.

At the time of the assignment it was thought that on unsecured claims, the assigned estate would not pay more than 60 per cent.

The assignee took charge of the assigned estate, and through its management, it soon became evident that the estate, if properly managed, and creditors were patient, they would eventually get 100 per cent. A few days since an order was entered in the Madison county court reciting in substance:

"That in the matter of Lyman Parrish's assignee, it appearing to the court that the assignee has paid on the claims filed against this estate 100 per cent. It is ordered that the assignee reconvey to the said Parrish any assigned property in its hands, and when, so done it will be relieved of the trust."

Lawyers say that it is very unusual for such orders to be entered. But few assigned estates pay in full. A reconveyance is hardly ever heard of. Mr. Parrish is being congratulated on the very successful conclusion of the matter and the State Bank and Trust Company upon its intelligent and satisfactory handling of the trust.

Two Were Hurt In Auto Wreck Near Shearer

Here's what the Winchester Sun says of the auto accident near Shearer the other day:

Robert McEwan received two broken ribs last night about 7:30 o'clock when the Ford car in which he and Jesse Lanter were in got from under his control and plunged over an embankment. McEwan was brought to his home in this city and was found to have two broken ribs and several very painful cuts and bruises while Lanter escaped with a cut on the hand and a few minor cuts and bruises. The accident happened near Shearer, just after they had crossed the railroad. The machine was badly damaged.

Rural Carriers Will Be Paid Twice A Month

Pleasing news for Kentucky rural carriers to learn is that beginning July 1, they will be paid twice a month instead of monthly, instructions to that effect having been issued by Postmaster General Hays. This places the rural carriers on the same basis as other postal employees, who have been paid semi-monthly. It is announced also that rural carriers who are prevented after honest effort from performing services on their routes by wash-outs and blizzards will not be penalized when change of regulations now in course of preparation, are made effective.

"The Eternal Question"

In a short speech at the meeting of tobacco men in Cynthia Saturday, Mr. A. B. Harney, illustrating a point, told of a visit of a lumberman from the South some time ago. They were discussing the "Eternal Question"—tobacco—when the lumberman said:

"Why are you fellows still wrangling over tobacco—are you never going to quit? When I was here years ago you were at it, and now I find you still at it."

"We are not going to quit until it is settled right," said Mr. Harney. "By the way, what are you doing up this way?"

"I'm on a vacation," said the lumberman. "You see the demand for lumber has fallen off, we have a large stock on hand and we have closed down all mills until the surplus is sold."

"Is that so?" said Mr. Harney. "Why don't you fellows do like we tobacco men do—rush the lumber to the market and take whatever is offered for it?"

"Hell!" exclaimed the lumberman, "if we did that we'd go broke."

"Hell!" exclaimed Mr. Harney. "We're already broke."

Mrs. McCumber Avoided a Serious Operation by Taking Lydia E. Pinkham's Vegetable Compound in Time

Georgetown, Ill.—"After my first baby was born I suffered so with my left side that I could not walk across the floor unless I was all humped over, holding to my side. I doctored with several doctors but found no relief and they said I would have to have an operation. My mother insisted on my taking Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has saved me from an operation. I cannot praise your medicine too highly and I tell all of my friends and neighbors what the Compound did for me." — Mrs. MARGARET McCUMBER, 27 S. Frazier St., Georgetown, Illinois.

Mrs. McCumber is one of the unnumbered thousands of housewives who struggle to keep about their daily tasks, while suffering from ailments peculiar to women with backache, sideaches, headaches, bearing-down pains and nervousness, and if every such woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial they would get well.

Hot Weather Pointers To Shippers Of Hogs

To prevent losses to hogs in transit during hot weather, the Live Stock Department of the Southern Railway system has issued the following suggestions to shippers:

Haul or drive hogs to station in ample time to allow them to become rested and cool before loading.

When ordering a car for loading hogs, insist upon a clean one, bedded with sand, clay or earth.

Wet thoroughly the bedding and interior of the car before loading.

Give only a small feed of grain before shipping. Heavy feed is more body heat generated.

Load not more than one hour before the train is to depart.

Load slowly and carefully and avoid excitement. Do not beat or bruise the animals.

Load not to exceed 14,000 lbs., fat hogs, and 16,000 lbs. stock hogs in a standard 36-ft. car during warm weather.

Have water applied to the bedding in the car at available points immediately after the train arrives.

Use ice on floor of car whenever possible, three blocks to a car.

Report inattention or neglect promptly to Superintendent of Division on which shipment originated.

Never throw water directly upon hogs after they become heated. Run it on car floor underneath the hogs instead.

Cropper Bank Is "Short" \$34,785

Frankfort, Ky., July 7.—The shortage of the Bank of Cropper closed by Banking Commissioner James P. Lewis, on account of alleged manipulations by Cashier J. N. Kemper, amounts to \$34,785.71 according to a statement of the Bank Examiner to be filed today with the clerk of Shelby county. This has absorbed the capital stock of \$20,000, the \$6,000 surplus and created a deficit of \$8,785.71. It is expected that more discrepancies may be found in the item of notes and bills discounted which already have been reduced from \$141,071.58 to \$117,831.41.

LEIGON NEWS

John G. Embry, National Commander of the American Legion, has accepted for the Legion an invitation for the Legion from President Millerand of France, and the French government to send a delegation of Legion members to France this summer to attend the unveiling of the Flirey Monument and participate in other events in honor of the American veterans.

A delegation of 250 members of the American Legion from all states will sail from New York August 3, and will be in France three weeks. The unveiling of the Flirey Monument will be made the occasion for the American Legion's pilgrimage, but there will be a series of other ceremonies of great importance.

Among these will be the laying of the corner stone of "Pont Roosevelt," a new bridge across the Marne at Chateau Thierry, which is to be dedicated to the memory of the late Theodore Roosevelt and his son, Quentin. The latter was killed in combat not far from the site for new span.

The Flirey Monument is a tribute to the valor of the American troops who fought in France. It is presented by citizens of Flirey and Lorraine in recognition of the heroism of Americans in delivering their soil of German occupation.

Flirey is familiar to the A. E. F. It is in the old Toul sector which became "American" in the fall of 1917, and in which seventeen American combat divisions fought. The 89th from Kansas and Missouri, "jumped off" from Flirey on September 12, 1918, to begin their part in the drive that cleared the St. Mihiel salient.

While on their tour of France the Legion party will go to the Pyrenees to visit the birthplace of Marshal Foch, who will receive the delegation in the house in which he was born. Marshal Foch will later come to the United States to attend the annual convention of the Legion at Kansas City.

At Blois the Legionnaires will be present at the dedication of the statue of Joan of Arc presented to the city by the Joan of Arc Committee of New York. At Rheims the veterans will participate in the presentation of a three million franc gift to the city library by President Nicholas Murray Butler, of Columbia University, on behalf of the Carnegie Foundation.

Paris, Bordeaux, Toulouse, Lyon, Strassburg and Metz will officially receive the veterans, but one of the most unique receptions will be at St. Die, a battle scarred town near the old Luneville front. In this historic place is the house in which the Alsatian monk, Waldes-Muller, lived at the time he wrote the documents suggesting that the Western continent be named for the navigator, Amerigo Vespucci.

TOWN BALL TEAM SEEMS A CERTAINTY

Plans to have a town baseball team in this city are rapidly assuming shape. The boys seem to have gotten together and are showing lively enthusiasm in organizing a real ball club. Harold Oldham is at the head of the movement. He says that a game has been booked with the strong Hustonville nine for Thursday, July 14. Sam Reid, who is working at his old home town, will come over and pitch for the visitors. This game will be played on the Normal field, weather permitting.

The boys around here have shown so much talent at the national game that a really strong team can be put in the field to represent this city. The pitchers have not been definitely decided upon but the local lads are holding something up their sleeves for the eager fans. Local stars who may compose the team are James Lackey, Harold Oldham, Ginter, John Lackey, Gentry, Hembree, Millard, Rogers, Yahrans, Chase, Barnett, Saunders, Lilly and probably H. Hanger.

KIDNEY AND BLADDER TROUBLES HAVE TO GO

Clogged Up Kidney Deposits Are Dissolved and the Toxins (Poisons) Completely Driven Out. Druggists Told To Guarantee It In Every Instance.

Your very life, says Dr. Carey, depends upon the perfect functioning and health of your kidneys so whatever you do don't neglect them.

Dr. Carey's famous prescription No. 777 known as Marshroot is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smarting or irritation, brick dust sediment of highly colored urine, bloating irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's disease, Diabetes or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until tomorrow to begin the use of this wonderful prescription if you have any of the above symptoms. Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to Kidney Disease, don't lose a single day for every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.
